

OUR CITY TORONTO ENGAGING NEIGHBOURHOODS

ENGAGING NEIGHBOURHOODS

We need to be intentional in reaching our communities. We need better strategies and practical ways we can love our neighbours and share the Gospel. Let's learn from experienced ministry workers who are meaningfully engaging their ministry context. On Saturday February 25th at Our City: Engaging Neighbourhoods, you learn more about the art of neighboring, exploring topics on mental health and addictions, justice, breaking cycles of systemic oppression, community exegesis and so much more! This event for pastors, ministry workers, and everyone who sees the value in serving our neighbours and neighbourhoods well.
