MATTHEW 28:19-20

Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age.”

ACTS 1:8

But you will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth.”

MARK 13:10

And the gospel must first be preached to all nations.

PSALM 96:3

Declare his glory among the nations, his marvelous deeds among all peoples.

WHY ANOTHER MISSIONS RESOURCE?

WE WANT TO HELP:

Our Pastors and churches know which Global & Mission Canada Workers are from EOND.

WE WANT TO HELP:

Our Global Workers to feel more a part of the fellowship. That's why we published their home church and section.

WE WANT TO HELP:

Our Global Workers be better centralized in their support (where possible). So that, when on Home Assignment, they don't have to spend unnecessary travel money to cross multiple provinces to raise support.

WE WANT TO HELP:

Our Pastors and churches in their relationships with Workers and to create new stories of God's faithfulness.

WE WANT TO HELP:

To show off our Workers.
Because we are proud of them! Enough said.

ERDO is the humanitarian agency of the PAOC. As one of Canada's top charities* for program effectiveness and financial management, ERDO focusses on three areas of work: crisis response, community development and child sponsorship (ChildCARE Plus). These programs are carried out in partnership with PAOC global workers and the local church.

ERDO's Christ-centred work is active in 40 countries. Programs include creating clean water sources and empowering men and women with microfinance loans and vocational training. Child sponsorship educates both boys and girls, enabling them greater opportunities to earn a future income, and in many cases, allowing them to hear the Gospel. ERDO's food programs are often matched by the Canadian Government through membership in the Canadian Foodgrains Bank.

BEST PRACTICES FOR CHURCHES

Care:

Many Global & Mission Canada Workers are only connected to a church through the lead pastor relationship. If you have multiple workers you support, connecting them to one of your small groups is an excellent way for extra care (Prayer requests, birthdays, Christmas gifts) to happen through the congregation and not just through you.

Communication:

Churches typically receive newsletters or emails from their Global & Mission Canada Workers providing updates; they love to hear what's happening in your church too! Put them on your church email list and include them in what the Lord is doing in your community.

Commitment:

Each year the church should initiate communication with Workers you support to either affirm and update the support amount or to let them know (as soon as possible) if there will be any support change. **Make this part of your annual budget procedure.** Look to increase support, at least with inflation each year, to keep your faith growing too.

Committee:

Much creativity, care, fundraising support, and encouragement are often lost because the pastor does all of this alone. A better way for everyone is to find capable, generous, caring people who can help carry the burden of vision and planning. Unleash them in alignment with your church vision and strategy. Let them dream and plan for this vital aspect of your church.

Contact:

Keep any Global Workers you support visible to your congregation all year round. Have them visit in person when they are home, use online calls, send a team (big or small) on a mission trip to connect. Showcase them somewhere in the central area of the church. If you have multiple Workers, take turns featuring them monthly in your bulletin, emails, or social media with updates/prayer needs.
