TAKING CARE OF BUSINESS
CELEBRATING THE JOURNEY

CONFERENCE BOOKLET

A welcome from the superintendent

There is a unique strength in gathering as a District Family – a place where moments are shared, vision is multiplied, and our collective call is renewed.

This year, we share a special milestone as we celebrate **David and Kathy Blakely**. After 17 years of steadfast leadership as our Assistant to the Superintendent – Resources, David leaves an indelible mark on our community. We are honoured to celebrate his legacy and the impact of his ministry.

As we transition into our annual business meeting, we recognize that “taking care of business” is a spiritual act of stewardship. By electing and commissioning a new ASR, we ensure our organizational foundation remains firm for the mission ahead. This is a unique season for EOND, and we step into it with expectant hearts, ready to embrace what God is unfolding for us. Thank you for being part of it!
